

Physiotherapy practice OTC Gooi en Vechtstreek is a modern health institute in the center of Holland, known as the Garden of Amsterdam. For over 25 years we offer a variety of specialized physiotherapy treatments to our patients. Our core business is manual therapy and sports physiotherapy. In addition we also offer shockwave therapy and echo diagnosis.

Job overview

You will be working as a physiotherapist in our team. You will treat your own patients according to the Dutch Guidelines. Before your registration as a certified health care worker you'll work under supervision of one of our senior therapists. During the registration period you are physiotherapy assistant.

Responsibilities and duties

- Evaluation of patients.
- Treatment of patients.
- Registration of work in our Electronic Patient File according to Dutch standards.
- Follow obliged courses and network gatherings.
- Keeping in contact with physicians and specialists.

Requirements

- You are a certified physiotherapist in your native country.
- You are willing to learn Dutch in speech and writing as soon as possible.
- You are a team player.
- You are willing to educate yourself further in our field of work.
- You are flexible, reliable, eager and have a good sense of humor.
- You are willing to start your new life in Holland

Our offer

- A one year contract (to start with).
- A 32 hours workweek (because of the necessary training in learning the Dutch language).
- Salary € 2239 per month gross (€2799 for 40 hours a week).
- A five weeks paid vacation.
- Paid official Dutch holidays (if on a regular working day).
- Support in registration as a certified Dutch physiotherapist (BIG registration).
- Help in finding your new home.
