### The first online European Career Day “Work in Greece” for tourism on February 7<sup>th</sup> 2024

In the framework of the Public Employment Service (DYPA) actions for the effective matching of labour supply and demand, the Eures National Coordination Office organises the first online European Career Day for Tourism, “Work in Greece”, which will be held on Wednesday, February 7<sup>th</sup> 2024.

The event is supported by the platform European Online Job Days and focuses exclusively on the fields of tourism, hospitality and catering. Its aim is to match Greek and European citizens seeking work with the businesses of that sector in Greece that seek staff for the next summer tourist season.

Jobseekers will have the opportunity to register or login for free in the platform (registration or login) and to upload their CV, identify employment opportunities and also receive updates on the labour market status in Greece.

Greek employers can create their profile (registration or login) on the spot and also have access in a huge CV pool of persons interested in seeking work in Greece during the summer season 2024.

During the event each participant can:

- Watch a presentation about the labour market in Greece.
- Watch presentations of the businesses' profiles seeking staff.
- Carry out online job interviews with businesses.
- Participate in the workshops "How to create an effective CV?" and "How to effectively prepare for a job interview".
- Chat with employers and DYPA EURES counsellors using the online chat tool.

More information about the event will be announced in the near future on the website: <https://europeanjobdays.eu/en>

The European EURES Network (EUROpean Employment Services) was established in 1994 to coordinate the transnational workers' mobility policy in line with the European Union's basic principle of the free movement of workers. The Network promotes the cooperation between the European Labour Authority (ELA) and the Public Employment Services in the European Union.

EURES Network's main role is to provide information and counselling and matching services but also to support / facilitate jobseekers seeking work in another EU country. Furthermore, it offers specialised services to employers enabling them to find suitable candidates for their vacancies. EURES Network's services are free of charge.
