What is the procedure?

The first step:

As soon as we receive your application, we will make sure to assess your CV immediately and you will receive a reply within 48 hours. If we think your CV matches the position you are applying for, we will call you in these 48 hours to get acquainted and answer any questions you may have before introducing you to your potential new employer.

The second step:

After these two days, you will be introduced to your potential new employer who will also make a selection. If they are interested in your profile, they will call you within 4 days for a brief introduction and to answer any company-specific questions. After these 4 days, if the potential employer is interested, you will receive a sample contract with the terms of employment.

The third step:

If both parties are interested, the employment contract can be signed and your move to the Netherlands will be planned together. Also, the contracting party or Hospitality Hiring Europe will help you settle in the Netherlands and arrange a number of legal matters (think of health insurance and applying for a BSN number). At the airport or train station someone will be ready to take you to your new (temporary) home.
